### OBJECTIVE

I am looking to build a long-term career in the yachting industry as it has always been a dream of mine and I am extremely excited and confident in my capabilities. Having a background in Hospitality, Customer service and Child Care has prepared me to work long hours, be flexible, disciplined, focused, and multi-task whilst simultaneously managing both my full-time tertiary studies and numerous employment positions. I am a qualified bartender in which I have done an international course and had various bartending positions as well as a Barista qualification.

Attending a strict boarding school has enabled me to always have excellent presentation, keep all areas around me in immaculate condition and living with others in an enclosed environment is of second nature. My good communication skills and being an excellent team player, paired with a great sense of humour enables me to easily get along with people of all backgrounds. The multitude of Maritime and Hospitality training I have recently completed and previous work experience has given me the ability to enter this vibrant industry with confidence. I am a reliable and self-motivated individual that is committed to finding a position as a stewardess on a private or charter yacht.
